

We would like to take this opportunity to thank you for your support and generosity in donating to our fundraising event on September 11th, 2011. The event was a great success and with your help we were able to raise \$11,400 toward child abuse prevention through Childhelp. This is a non-profit organization who specializes in preventative education and treatment of child abuse all across the country. Unfortunately, however, they are not yet active in New York State. We are now on our way to establishing the first chapter and opening the first Childhelp safe house in New York.

We are, at this time, still looking for volunteers to help with the safe house. If you, or someone you know, would be interested in getting more involved with this worthy cause, please contact Katherine Riley at (631) 474-0747. For more info on Childhelp, visit their website: www.childhelp.org

Again, we would like to extend our sincere gratitude for your generous donation.

Very truly yours,

Katherine Jon Salon
